

# CURRICULUM VITAE

**Dr.Salman Nassr**

**Department : Basic sciences. , Faculty of pharmacy , Wadi University**

## **1- Personal Information and Marital Status :**

Name : **Salman Nassr**  
Place & Date of Birth : Bustan Al – ssouj / Tartus / 05/04/1962  
Marital Status : Married  
Number of Children : three  
Permenant Address Tartous - Dahiat Al Majd - First Building Fifth Floor

## **2- Scientific Degree Information :**

<b>Description</b>	<b>BSc</b>	<b>Diploma</b>	<b>PhD</b>
Grade			
Major	Major		Major
Minor			
Study Language	Arabic		Russian
University	Tishreen		Mendeleev Institute
Location	Syria , Lattakia		Moscow
Year Obtained	1985		1992

Doctorat D'Etat Thesis Title : A new modification in the rearrangement of Pene's reaction and expansion of its application areas

## **3- Languages :**

Arabic : very good  
French : --  
English : Acceptable

#### 4- Professional Experience :

Position	Institute	Duration
ALBaath University	College of Chemical and Food Engineering	20 years
Tartous University	faculty of Pharmacy	4 years
Tartous University	Faculty of Dentistry	3 years

#### 5- Courses Taught and Capability to Teach the Following :

- Courses of organic chemistry in the College of Chemical and Petroleum Engineering (Baath University)
- Chemistry course for preparatory year students of medical colleges (Tartus University)
- Organic chemistry courses 1, 2 for pharmacy students (Tartous University)
- Biochemistry course for second year students - Pharmacy + Dentistry (Tartous University)

#### 6- Books and Publications :

- Three books in organic chemistry .
- Two books in the chemistry of dyes.

#### 7- Research Studies :

- Seven publications in organic chemistry and organic synthesis

#### 8- Supervision :

Supervising graduate students (Master, Ph.D.)

#### 9- Conferences and Workshops :

- Second Arab Chemical Conference (Oman) 2004.
- Symposium on Chemistry of medicinal plants, Al - Baath University.
- First Chemical Conference at Damascus University 2007.
- The 15th Arab Chemical Conference Al - Baath University 2010

#### 10- Specialized Subjects for Work or Consultations :

- Processing of chemical laboratories.
- Analysis of organic compounds using spectral techniques.
- Some environmental studies
